

## Model DSSP6004C

### Pedestrian Security Gate (motor with clutch)

The DSSP6004C full-height pedestrian security gate is designed for individual operation or to integrate with a full-height turnstile for access control. It features a standard relay signal for compatibility with various third-party access control systems. This setup is a common and ideal solution for managing access for package deliveries, carts, handicapped individuals, and similar needs.

## Features

- The direction of door opening: two-way.
- 304 brushed stainless steel, durable and antirust.
- Support integrated with any type of access control systems.
- Green and red LED indicator display passing status.
- IP65 waterproof level, indoor/outdoor use.
- Fire safety requirements, arms open automatically.
- Easy to install and maintain.
- 3 years warranty support.

## Customized Service

- Material optional.
- Appearance color can be customized based on installation environment.
- Dimensions can be customized to meet your request.
- Logo can be customized.
- Picture: high resolution and scene picture can be customized

## Access Control System

Daosafe turnstile gates can be well integrated with any 3<sup>rd</sup> party access control systems
