

REALTEK DUPLEX FIBER PATCH CORD 3 METER SC-SC SINGLE-MODE

DESCRIPTION:

Looking for a fiber patch that offers a little extra protection for your end-faces? These SC to SC cables are just the answer! known for their durability, simplicity, and low cost. The SC design also features a unique built-in housing for your ferrule whenever the connection is broken for testing, transport, or cleaning. The single-mode fiber lines themselves enjoy separate yet attached duplex cables jackets perfect for system transmitting bi-directional data, not to mention useful in organizing your patches. So protect your investment and try our SC to SC fiber cables. You won't regret it.
