

Model: IPC236X5i-PTZ

Our products are designed with the latest security technologies and provide you with the opportunity to address your security issues with the most hi-tech solutions.

Feature:

- IP 67 High Speed Dome Camera
- 36X Optical zoom
- Support ONVIF 2.0;3A Effect; IR-CUT day/ night auto switch
- Compatible with the flexibility and auto running setup of high speed dome camera
- Aluminum alloy structure, better magnetic shield and heat radiation
- Adopt advanced stepper motor, less heating and no shaking in low speed
- RTC function; Auto running memory against power outage
- Password protection, prevent unauthorized user revises the parameter
- Build in double devices for lightning proof and surge proof
- Support Compass function, display direction
- IR distance 150M
- Pan Speed:0.08°-220°/S Tilt Speed:0.08°-110°/S
- Cruise:4 groups.27presets/group
- 220 presets, Preset Accuracy: ±0.1°
- Pan Range: 0°~360°Continuous
- Tilt Range: 0°~90°
- Intelligent temperature controller, ≤45°
- Humidity: -20°C-to +60°C
- Power input: DC12V~15V, 5A
